HOMECOMING

GAME, PARADE, FAIRS

After a full week of preparing for the big game on Friday, Lancer Spirit came through to defeat the Davenport West Falcons 31-13. At the high school, students participated in dressing up for "Days of the week." Monday students rolled out of bed and came to school in their scrubs for Pajama Day. Tuesday they showed up wearing grass skirts and coconut bras for Hawaiian Day. Wednesday students drove into the parking lot with tractors, sporting straw hats and overalls. "The best part about farmer day was when John Schwarz came to school in a tractor." - Lindsay Holst '05. Thursday they came wearing bright colors for Tye-dye Day. Finally at the end of a long week, Lancers were able to show others their true colors for Scarlet and Silver Day.

Juniors Alex Kane and Brandon Banks showed up sporting McDonald's Fry costumes for the parade.

(8) The cheerleaders rode through the parade on a firetruck, throwing out lots of candy. (9) Sophomores Trisha Humlick, Leanne Kuhl and Brooke Lensch rode on the sophomore float giving candy and smiles to the crowd. (10) The sophomore football team managed to get a double decker bus and rode higher than the rest of the participants in the parade. (11) The seniors threw out water balloons instead of candy to the crowd on their float.

A Glimpse into Heaven

Long time friends, Rem Fleming & Drew at a home football game.

Gone But Not Forgotten

December 30, 1984-
May 9, 2002

Drew, Kevin Olson & Brant Scheckel were happy just chillin' together after school, 2001.

Drew scored three homecoming dates junior year: Trina Gannon, Emily Darland & Abbey Nagle.

Drew's bright smile & crazy hair made Jamie Hunt want to give him a big hug.

Best friends since back in the day, Drew & Cary Shipman say 'hey' to the ladies at the Eighth Grade Dinner Dance.

Once again, Drew finds all the ladies: Emily Darland, Sheila Gerardy, Nikki Ferden, Abbey Nagle & Jamie Hunt, at a home football game.

Drew, Cary Shipman, Rocky Warren, Rem Fleming & Jason Foust look forward to the dance, BC, 2001.

Drew, age 14, was all excited to show off his first snowboard in 1999.

Childhood friends, Maggie Davis & Drew, show their big smiles while supporting their friends at a football game, 2001.

Drew & his older sister, Tabitha, smile as they tell Santa what they wish for.

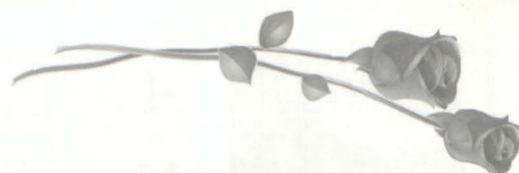

*When someone you love becomes a
memory, the memory becomes a
treasure.*

*Thanks for all the memories, Drew.
Love, your family & friends.*

Drewboy laughs as he makes a big splash in his backyard pool.

A Glimpse into Heaven

In Our Hearts Forever

Remember Me With Love
 Remember me with love
 When I am gone
 Remember how well we got along
 If you never see or talk to me again
 Remember I love you my friend
 When I am no longer near
 Remember there should be no tears
 Think about the good times we had
 Remember don't be sad
 When you look up at the sky so blue
 Remember I will always be with you
 But most of all...
 Remember I am with the Lord above
 and please
 Remember me with love

CLASS OF 2005

feeling the Spirit

Lancer fans get crazy in the crowd

At the cake auction this year, students got all dressed up in everything from carharts and torn shirts to jerseys and cowboy hats. Every year, the cake auction is a main event for students at North Scott. Almost everyone gets dressed up a little bit to show some school pride and North Scott students definitely go all out when showing their school spirit. This year's seniors did a great job in taking over the role of leading the fans in going crazy and having a great time.

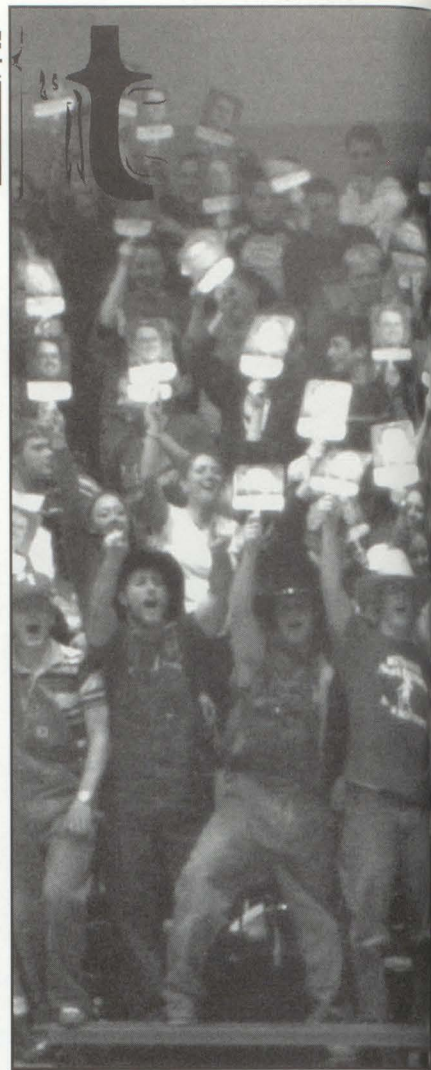

Students got dressed up in everything from carharts and torn shirts to jerseys and cowboy hats. North Scott students definitely go all out when showing their school spirit.

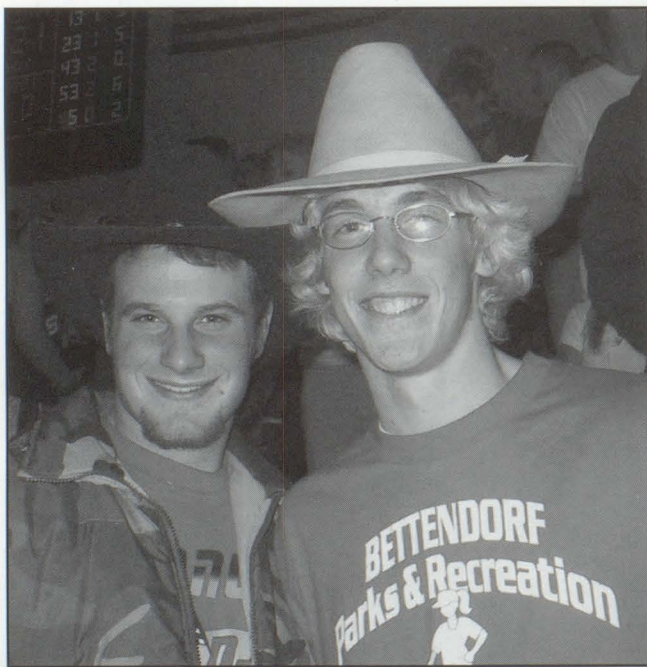

Brett Esbaum, Dan Kelchen, and Kyle Eller showed some seniority and got dressed up in overalls and cowboy hats.

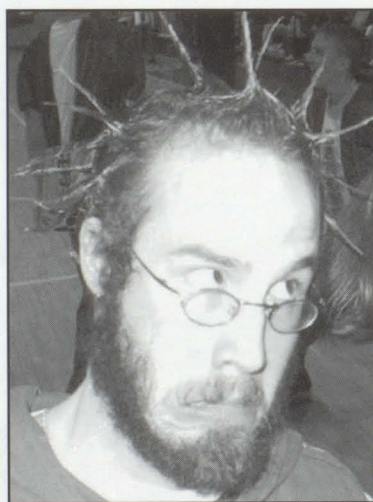

Aaron Meyer does his part in leading the Lancer cheer, getting the crowd to go crazy and showing off his muscles.

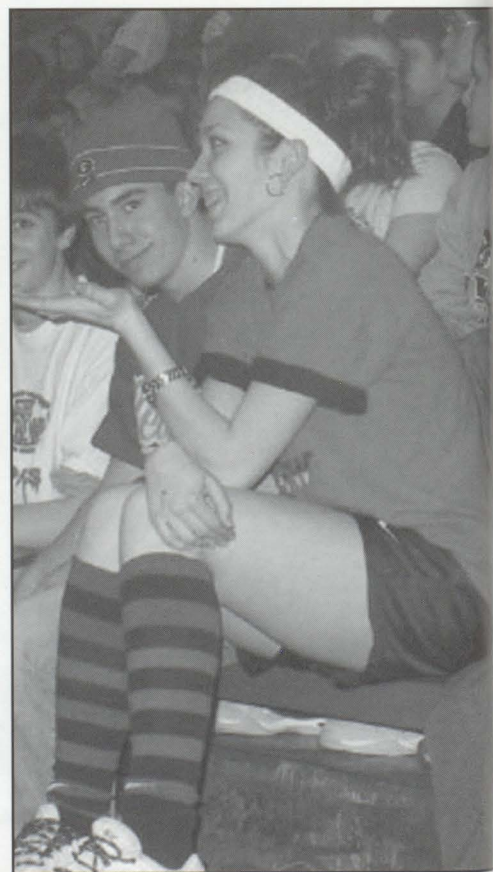

The student section held up their fans and their support to Mr. Denner at the cake

Seniors, Kyle Eller and Kyle Schroeder show us the right way to wear a cowboy hat.

Above: Senior, Chris Meyer surprised us with his hair at a game this year. It looks as if one of those spikes could poke an eye out.

Right: Nick Dose tears himself away from his conversation with Allison Bennett, as Allison, who is showing her stuff in striped socks and a sweatband, seems oblivious to the fact that Nick is no longer listening.

replaced the "Lancer Cheer" by doing the first ever "Denner Cheer" to show auction.

Left: Kyle Ellis shows off his afro and his little arms at the cake auctions as Ben Dose attempts to put him in a headlock.

Below: At the game against Assumption, dressing up in preppy clothes like ties, plaid, and in this case, girly skirts, was seen all over in the student section, as well as on Cole Wallace, Justin Schaffer, Eric Pohlman, Kyle Kundel and Mike Hermesen.

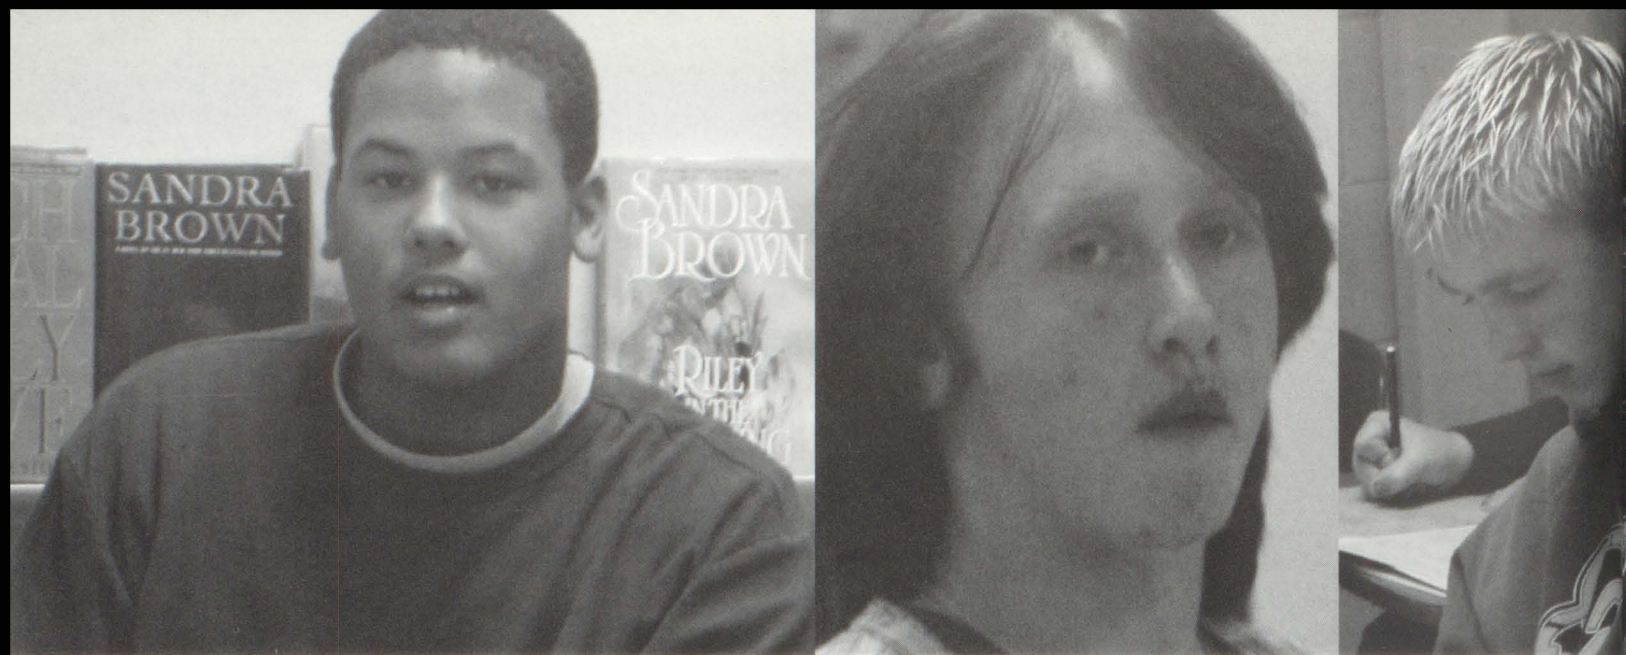

Above: Freshmen, Katie Anderson, Ashley Hamilton and Kim Logan flash the camera a quick one in between plays during the game.

Right: At the Assumption game, Spencer Ellis shows us his preppy side with his tie. Rocky Warren and Brant Sheckle give shy looks at the camera. Dan Kelchen scares us with his face that says "Don't mess with me."

Looking Success in The Eye Academics

What does it take to be successful?

90% of the people in the school feel that success is all about hard work and dedication. Senior Ian Klink says:

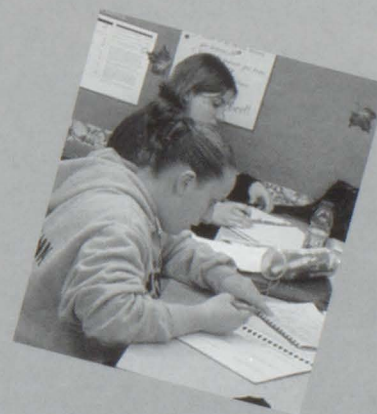

"It takes two things to be successful. Failure is one. Two is stepping over the failure to achieve." There is no written book on being successful; you just have to know how to apply what you have learned.

Multi-Occupation

Dan Kelchen poses for a picture while working the activities office.

Multi-Occupations is designed to give seniors the opportunity to receive on-the-job training. There are two different parts to multi-occ, the first of which is class. Students learn how to make job applications, work on human relations, career goals, decision making, payroll procedures, and job skills needed for success in the business world. The second is actual work at a business. Students must have 15 hours of work per week, and are graded quarterly.

FOREIGN EXCHANGE

Kitty squeezes in her locker to get away from everybody else.

Gabriel and Kitty hang out together in the computer lab

Gabriel Boggio North Scott's Argentinian guest

Gabriel is from Formosa, Argentina. When asked what he missed most from Argentina, he said his family, parties and friends. His favorite quote is "Es bueno pretzar una mono, cuando se tiene dos para ofrecer." In English, it means, "Its good to lend a hand, when you have two to offer." Gabriel really enjoys computers, so he is having a lot of fun in his computer classes here at North Scott.

Gabriel lives downtown, he says it's way different from living here in Eldridge. But, he "likes it so far!" He likes the different people and the

way they treat others. He says there are different kinds of friendships here and he likes how everybody talks to one another.

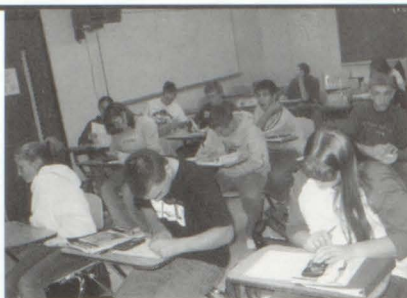

Kitty Culita on loan from Romania

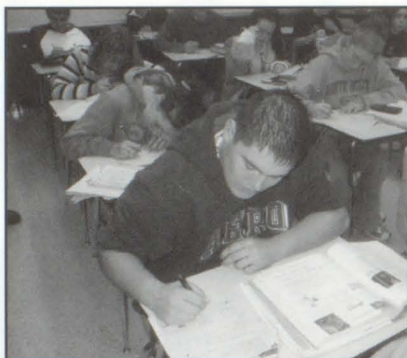

Kitty is from Braila, Rumania. When asked what she missed most from Romania she said her family, friends and two dogs. Her favorite quote is "Como se dice." In English, it means, "How do you say?" Kitty enjoys Spanish and Study Hall as her two favorite classes. Her favorite memory here would be Thanksgiving & Christmas day, going skiing in Dubuque, New Years Eve, going horseback riding and Homecoming.

Kitty likes to see movies at the IMAX cinema, hang out with friends, help with the set for the play, go shopping, and go to the football games at the high school. When asked to compare Romania to Iowa she said, "In Romania I live in a city, so there are more differences I guess. We are allowed to drive when we are 18 in Romania and here 16. That's all really good."

Looking To Make A Difference

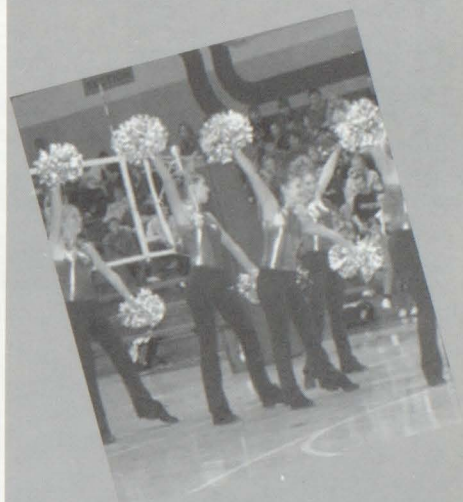

Clubs and Organizations

Clubs are a very important part of the school community. They help students stay involved and meet new people while learning or providing a service. North Scott offers a wide range of clubs from Student Government to Key Club. These clubs are open to anyone who wishes to become involved at North Scott one way or another.

We decided that Alex looks better in the teeny tank top and tight spandex pants than Brittney does. "I'm willing to do just about anything for the Hunger Drive." - Alex Cahill '04

Watch our Administration & Support Staff

As students make their way through the grueling four years of high school coursework, each will at some time encounter an administrator, secretary, custodian or cafeteria worker. It is their tireless work that creates a setting where students can achieve their dreams of a bright future. A detention notice from Mr. Chelf or lunch money added to your card by Ms. Ganzer is in a way keeping us on track to move forward.

Derek Hamilton and Justin Speth discuss the plans for the new greenhouse.

FFA

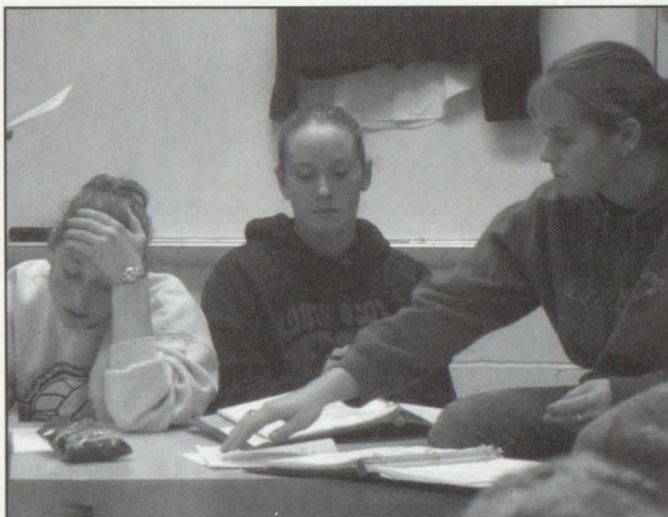

Future Farmers of America

This year, FFA began plans to design and build a green house. The greenhouse that is being used now is behind the Agricultural building and is pretty old. The windows have been rusting and is in need of some major repairs. The FFA have also made plans to build a wooden tank in order to study aquaculture. In the tanks, they plan on putting fish and other water animals. In order to raise money for thier projects, every year the FFA members sell fresh fruit during Christmas to the residents of Scott County .

Frost on Windows

Director's Note: "Frost on Windows" is a multi-media theater piece. This is the premiere performance of the work, and also my debut as a director. To say that I am excited about the undertaking is an understatement. I have been involved in theater for over forty years and finally wrote a collection of my thoughts.

"Frost on Windows" relies on all the senses, most particularly the visual aspect of the mind to

create a muse. The work, more or less chronicles the history of man, music, dance and theater.

The results of the play should let the audience members realize that not everything is as it seems. It is also clear by shows end that we are set on earth to do the best we can. God, a supreme being, put us here to do the best we could. It is up to us what we do with the world (our life).

Above- "Frost on Windows" director Tom Goodall is ready for the premier performance of the show that he has worked hard on writing for a long time.

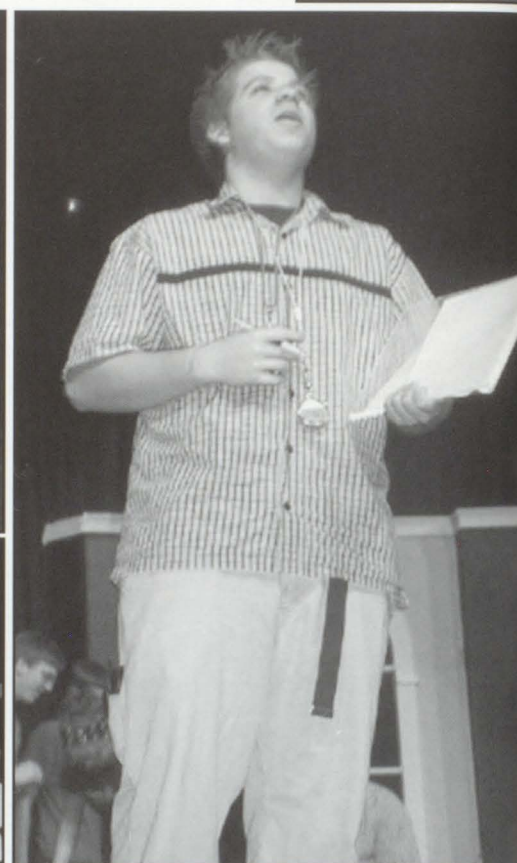

At Right- during the first scene of *Frost on Windows*, 'The Creation' by James Weldon Johnson, is read and interpreted through movement in body bags.

At Center- Senior Adam "Butch" Winfield is the Head Jester for Court Jesters during pre-show for "Frost on Windows".

At Right- The cast of "Frost on Windows" had the opportunity to choose their favorite costume and character to pose for the camera. Included here are John Smith, Pocahontas a religious fanatic, and other people who might be seen on the street of New York City.

At Right- Ian Klink explains to the audience what not to do if you were a duck, during Court Jester before "Frost on Windows".

At Right- Peter Schaub tries to look tough while with Ben Dau succeeds.

At Center- The true story of John Smith is told during "Frost on Windows". The twist on this story is that John Smith was a not too great guy and he doesn't really care about Pocahontas. Smith just liked her so he wouldn't die.

At Center- Court Jester Susan Pethoud, Mechenzie Huske, and Adam Overberg, Ku Fu Fight, during a game of Emotional Replay.

Arsenic and Old Lace

The entire action of this play takes place in the living Room of the Brewsters home in Booklyn. The basic plot is that two aunts are killing old single men, so that they might be peaceful. Their brother thinks he is Teddy Roosevelt, and buries the bodies thinking that they are yellow fever victims. The nephew is not a very good man and returns home after many years with a dead

body in his car. He and his plastic surgeon decide to bury the body in the basement, without the aunts knowing. Another nephew finds out about all these troublesome activities and decides to put an end to it all. Everything works out because the police arrest the bad nephew and both of the aunt and Teddy are committed to an insane asylum.

Technical Crew

Techies are the backbone of theatre. Plays wouldn't be possible without techies. They build the set, run the lights and sound, and move props on and off stage. Techies are the ones in all black behind the scenes. They are there to make sure things run smoothly, and they work very hard at it.

- Tina Meyerhoff

There are many different aspects to being a techie. Building set, running lights or sound, hanging lights or working on stage crew are just a few of the many things that happen backstage.

Right: Adam Overburg helps Lisa Johnson attach some facing on to the set.

"What isn't great about it, were else in school can you screw to your hearts content, whenever you want to?"

Camelot

Directors Commentary-

Through the years Lancer Productions has continually evolved to meet the needs of students who have set higher and higher standards for themselves. Lancer Productions now also includes KNSH Radio and Court Jesters, as well as competitive Speech and Debate. Whether on or back stage, in the pit or in the ticket office, making costumes of making speeches, students have worked hard to build a program know

for its excellence in training and performances. "Build it and they will come" a line from the movie, Field of Dreams, is true for North Scott's Auditorium and Lancer Productions as well. It remains a place to showcase the hopes, dreams, and talents of the community; train young people, preparing them with life and job ready skills, and build positive relationships that last a lifetime.

STATE Champions

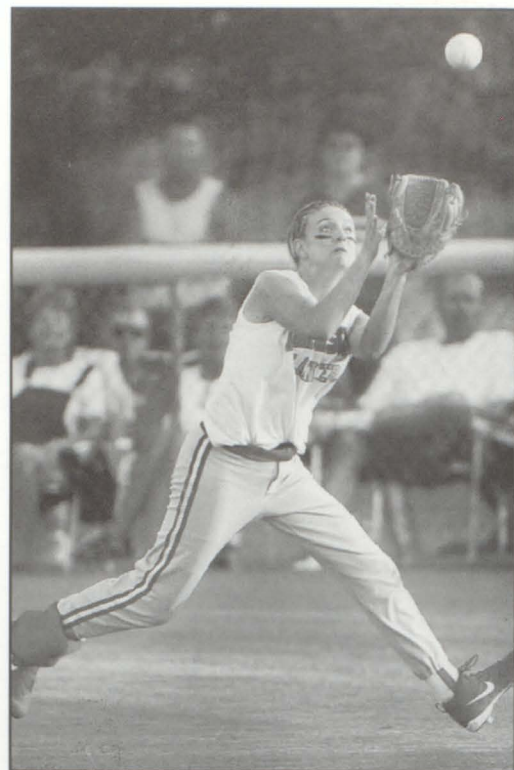

By Michelle Kutmas

With a record of 55-1, a MAC championship, and a state title, the Lancer softball team proved once again to be the dominant force throughout the entire state. Under the leadership of first year head coach Lori Osterberg, the Lancers were the authority over every team they met.

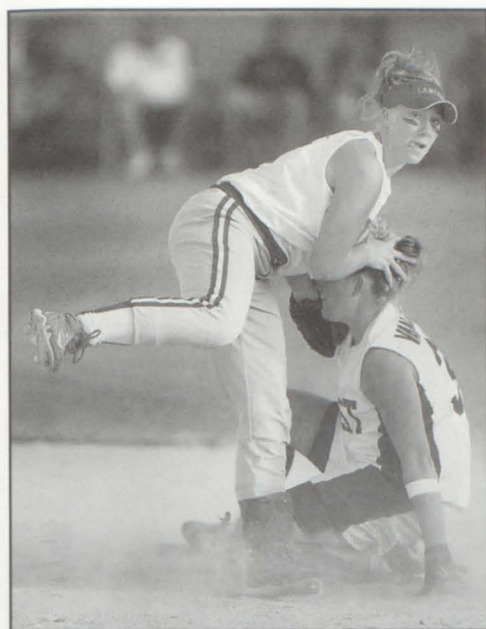

After placing second in the state in 2000 and 2001, the Lancers were eager to capture the state title, and did so in a thrilling comeback victory against West Des Moines Dowling. The Lancers now hold three state titles --in 1987, 1993, and in 2002.

All-State Captain Mindy Heidgerken explains what was responsible for this season's success, "We all got along really well which united us and helped us to pull each other through the hard times of the season."

With the superior tradition of dedicated players and coaches, the Lancers are looking for continued success and dominance next season throughout the conference and the state.

North Scott Power Football

The football team's long hours, and hard work pays off for a 6-3 record.

Most people would label this year's football team as inexperienced because of the new coach and totally new offense. However, that wasn't the case for the Lancers this year.

The team really pulled through by breaking a record, and going 6-3. In any typical season that would be enough to get into the playoffs, but not this season. Spencer Ellis broke

the schools record for most yards in a game. The program is starting to turn around and be a constant MAC contender.

Volleyball team close to state

by **Michelle Kutmas**

With a roller coaster ride of a season the girls volleyball team defined "turn-around." Rising from the ashes of their 6-13-7 record, the team peaked at just the right time in post-season with a pair of upset wins against No. 19 ranked Davenport Central and Conference Champions Mt. Pleasant. This landed them a game away from state, before an emotional loss against No.

10 ranked Bettendorf. Being the only team in the Sweet Sixteen with a losing record and the only team that wasn't a leading contender in the final state poll, this turn-around turned many heads and proved that the Lady Lancers deserved mention among the state's elite. With the loss of only three seniors and the return of eight talented juniors, this team's future looks bright.

Above: Players cheer on their teammates while taking a breather on the bench.

The sophomore volleyball team made a turn-around this season, earning a 5-4 record in the MAC.

Learning and Improving

By Michelle Kutmas

With the dedication of eighteen young players, the freshman volleyball team learned a lot this season about working hard together. By the end of it all, it was difficult to believe that these were the same girls that showed up at practice in the beginning of the season.

"The girls were excited to improve as a team as the season progressed," stated freshman Coach Lori Osterberg. With a record of 5-4, the Lancers are looking for further improvements next year as sophomores.

running to the finish line

Boy's cross country turned out to be a great year. With Kyle Kundel ending up with a 2nd team all Mac runner for the Lancers there isn't much to frown about. With a start at the Tipton meet it was quite a change in the lineup for varsity with Coach Hetrick putting a wide range of talent at the varsity level. The shortest race of the year at Rock Island proved to be one of the most competitive and greatest success of the year. Those finishing in the top 20 for the Lancers were: 10th Jeff Less, 16th Kyle Kundel, and 20th Andy Flater. Overall, Lancers finished at 5th place for the meet.

Girl's cross country team finished up their season with a strong 3rd place finish at the Mac Conference meet and an 8th place finish at the District meet. Starting the year with a 6th place finish at Tipton is no easy task, several slanted hills and tough competition this course really puts up a fight. The lancer girl's two top meets being at Dewitt and at the Lancer Invitational really showed Coach Rupe what they were made of. Those placing in the top five for the lancers at the Lancer Invitational were: 4th Jessica Viner, 6th Ashley Balli, 12th Abby Wiese, 23rd Courtney Pennel, and 25th Laura Kilen.

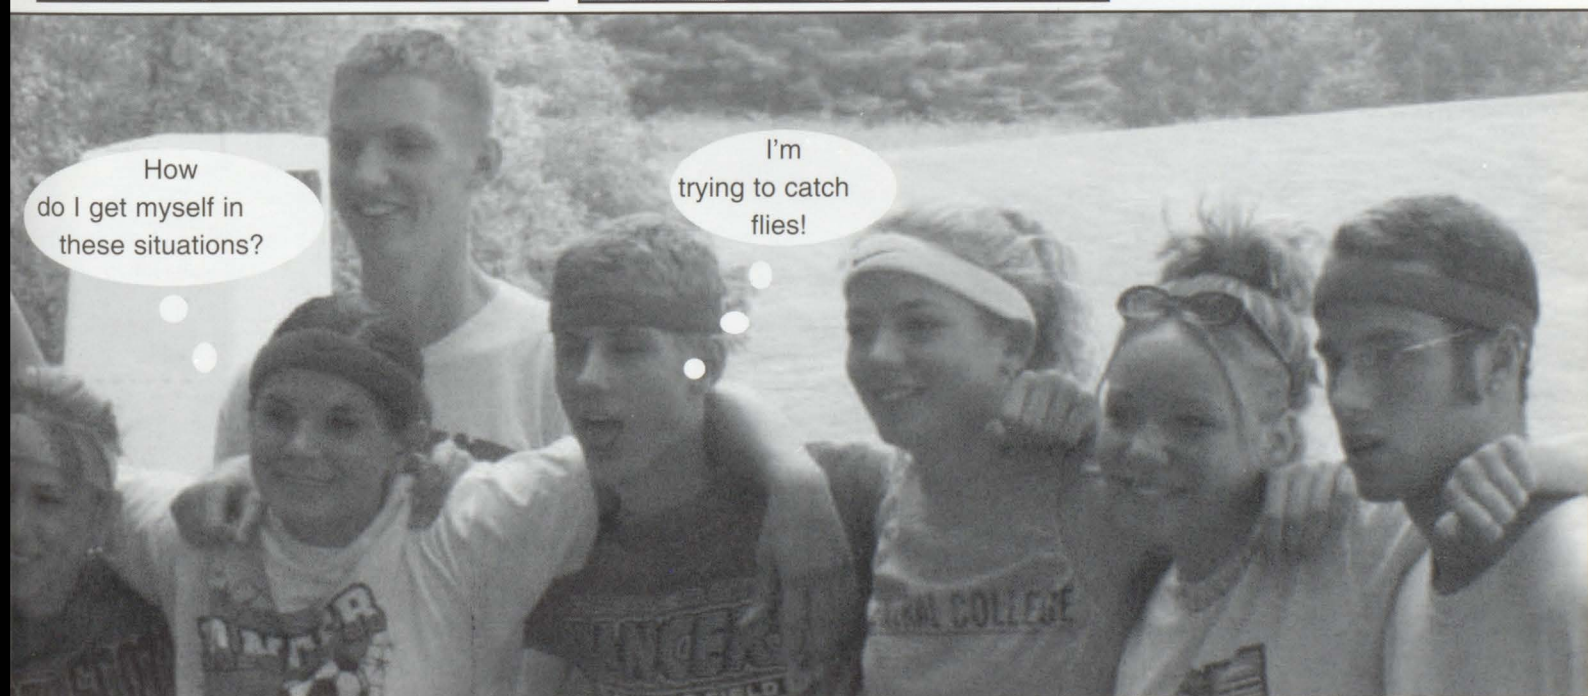

Middle left: Mark Petersma says to the camera "you caught my bad side" as he gains on another opponent.

Girls swimming had another fun season this year. With the turn-out of eight dedicated swimmers, the girls made the trip to and from practice everyday at Pleasant Valley, as a part of a cooperative program between schools.

"We all had a good time and made improvements as the season went on," said Senior Stephanie Martin

The Lancers are excited for next season, and are hoping for an even better turn-out of swimmers, as well as the chance to make it to the State Tournament.

Diving into Victory

By Michelle Kutmas

Boys swimming had a successful season this year. Even with a roster of only three swimmers the team, who swam for Pleasant Valley as a part of a cooperative agreement between schools, made a name for themselves.

The roster included: Senior, Tyler Bosworth--a four-year Varsity swimmer, two-year State Qualifier, and two-year team captain; Sophomore, Toby Behrens--a two-year Varsity swimmer, and one-year State Qualifier; and newcomer Andy Ranfeld--a Sophomore who saw success on the Junior Varsity. The Lancers enjoyed an 8-2 record overall, two first-place tournament finishes, three second-place tournament finishes, and an eighteenth-place finish at the State Tournament. Next year the Lancers are hopeful for repeated success.

My beautiful daughter, Kaycee,
dear

This was supposed to be your
senior year.

Along with your friends, AJ and
Drew

Who should have been graduating this year too.

AJ and Drew's parents suffer our same pain

From morning to night & all over again.

Three precious hearts suddenly stilled

Three beautiful futures left unfulfilled.

Watch over your classmates as they go on their
way

They need to know you're with them each &
every day.

You have a special place deep within their hearts
Where your memories will live on, never to part.

All Our Love Always,
Mom and Dad

Boys Finish Stellar Performance at 2nd and Girls Make First Appearance since 1986

Girls and boys basketball had another banner year this season. Both teams proved to be a dominant force throughout the conference and the state. The girls breezed through conference play gaining a well-deserved conference title. The boys also reclaimed their status at the top of the conference in a three way tie.

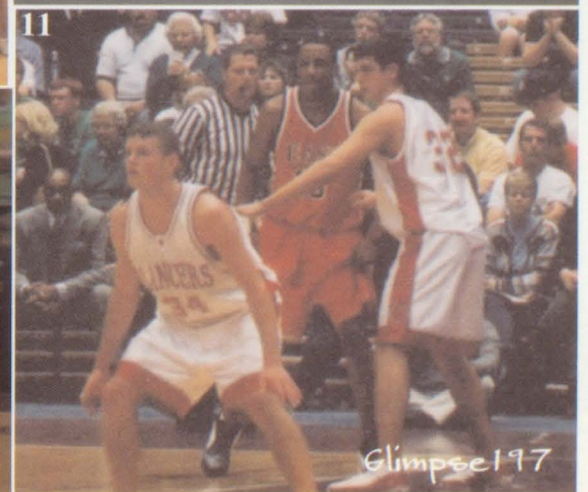

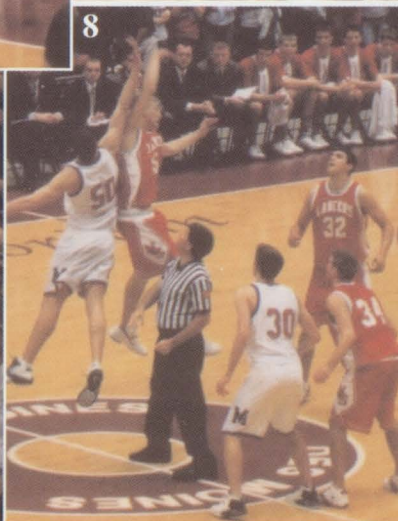

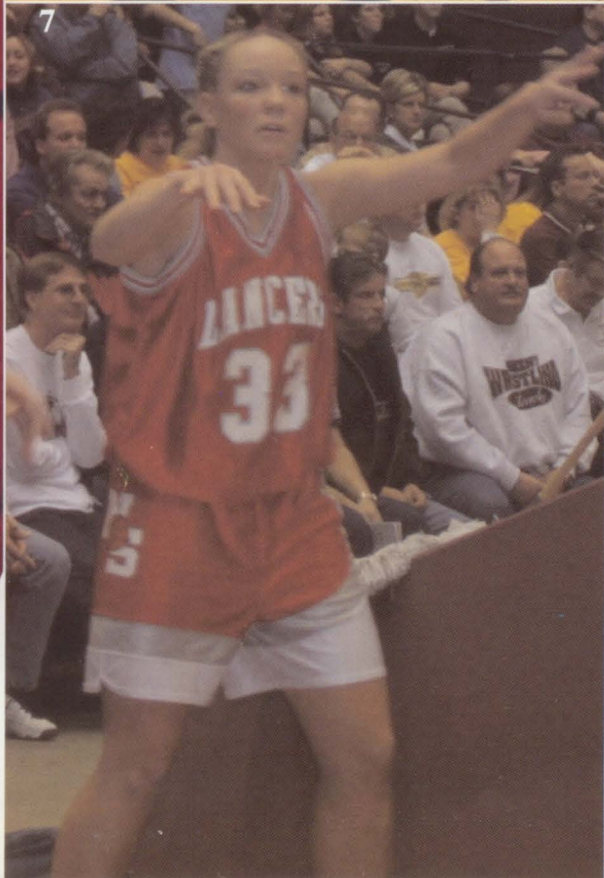

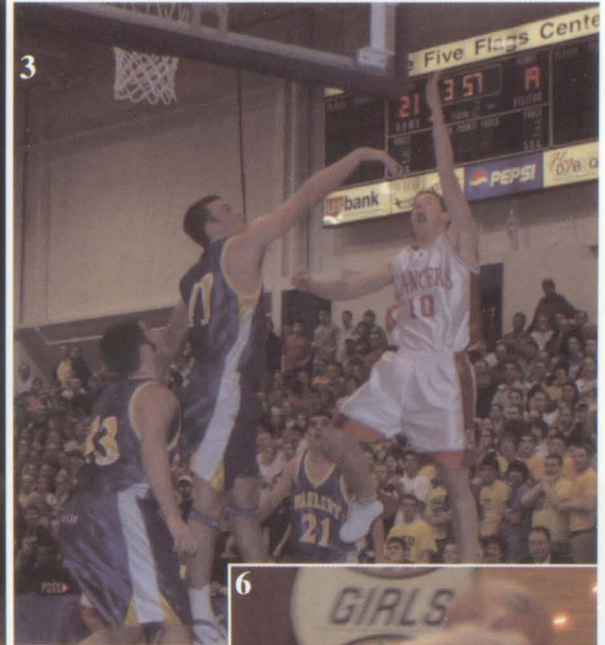

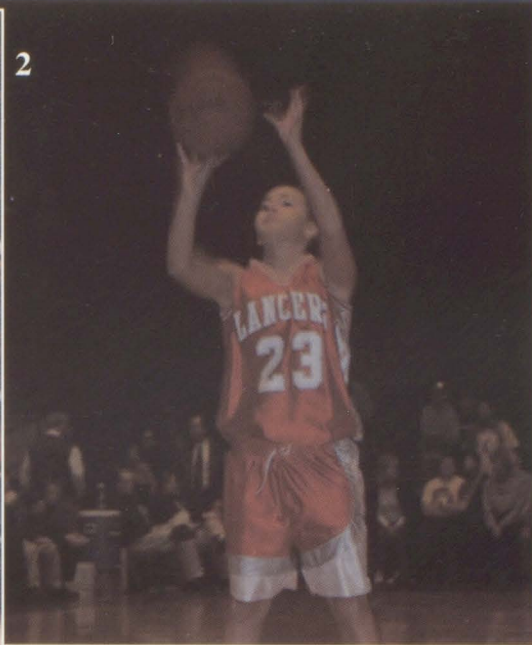

When State Tournament time came around, North Scott was the only school in the state to send off both their boys and girls teams. The girls made their first appearance at State since

1986. Making a valiant fight, the girls lost in the first round of tournament play, to the future state champions, Ankeny. The boys gained two thrilling victories against both Cedar Rapids Washington and Marshalltown which placed them in the State Championship against Waterloo East. Falling short of the State Title, the boys still placed second, in North Scott's second ever boys basketball state appearance. Shaun Logan also made co-captain of the All-State Tournament Team. The Lancers hope to continue their winning streak into the coming seasons.

1) Scottie Braden dribbles down the court, looking for an open teammate. 2) Jessica Thomas makes both of her free throws against Ankeny. 3) Luke Shaw goes up strong for the layup against Dubuque. 4) Lancer boys come running back to the locker room victorious, after defeating Marshalltown. 5) The boys stop for a quick picture with their trophy after their final game. 6) Allison Erichsen looks for an open teammate. 7) Carolyn Schoon makes a great pass to a teammate for the open shot. 8) Shaun Logan jumps high for the tip against Marshalltown as Dallas Cawiezell gets ready for the ball. 9) The Lancers pose for the picture later to be mounted on their plaques. 10) Schoon takes the ball downcourt against the Ankeny defense. 11) Scottie Braden and Dallas Cawiezell play tough defense against Waterloo.

Sarah Eckermann, Leslie Schnack and Amy Hubner play tough against Ankeny on defense.

Honk!

Director's Note

Honk! has a wonderful message to share with us. As Thespians and performing artists many of us tend to march to our own drummer. The students who form Lancer Productions tend to be a unique group of people who are not afraid to be themselves and take some risks. This is not always easy to find in

High School. So I dedicated this show to everyone who has the courage to be themselves...to show the world who they really are... to never be afraid to have a dream and take a risk. These people know that it is OK to be different, and for that we all be grateful.
